**Abstract:** The present document contains a contextual and situational description and benchmark of events, which aims at supporting the dissemination process within the FutureID project.

This document is issued within the frame and for the purpose of the *FutureID* project. This project has received funding from the European Union's Seventh Framework Programme (FP7/2007-2013) under Grant Agreement no. 318424.

This document and its content are the property of the *FutureID* Consortium. All rights relevant to this document are determined by the applicable laws. Access to this document does not grant any right or license on the document or its contents. This document or its contents are not to be used or treated in any manner inconsistent with the rights or interests of the *FutureID* Consortium or the Partners detriment and are not to be disclosed externally without prior written consent from the *FutureID* Partners.

Each *FutureID* Partner may use this document in conformity with the *FutureID* Consortium Grant Agreement provisions.

## 1. Executive Summary

The present document contains a contextual and situational description and benchmark of events, which aims at supporting the dissemination process within the FutureID project in Period P3.

For this purpose the potentially relevant events in the areas touched by the FutureID project, such as Identity Management, Federation Technology, Risk Management, eGovernment, Standards, Smart Cards, Payments and mCommerce have been identified and assessed in order to allow an informed decision which events should be attended by FutureID partners and utilized for dissemination purposes.
